DELIVERIES

The majority of the products we offer are made to order and are therefore non-returnable. Products are usually on a 3-4 week lead time, however we are able to provide faster deliveries with stock items.
Please ensure the furniture delivered is checked thoroughly, any faults or damages must be reported within 3 working days, including photographs of any damage.

DELIVERY CHARGES

Due to the considerable increase in factory delivery charges, we are unable to continue absorbing these costs. We have shown on the relevant pages that a delivery surcharge may apply so please contact us for a quote.

We offer free delivery on orders over £350, unless otherwise stated. Orders below **£350** will incur a minimum order charge of **£25.**

SCHOOL HOLIDAY LEAD TIMES

Lead times are extended during the summer holidays so if you require delivery before the beginning of September we advise that you order before the end of **June**. Factories experience delays due to the demand and no delivery dates are guaranteed.

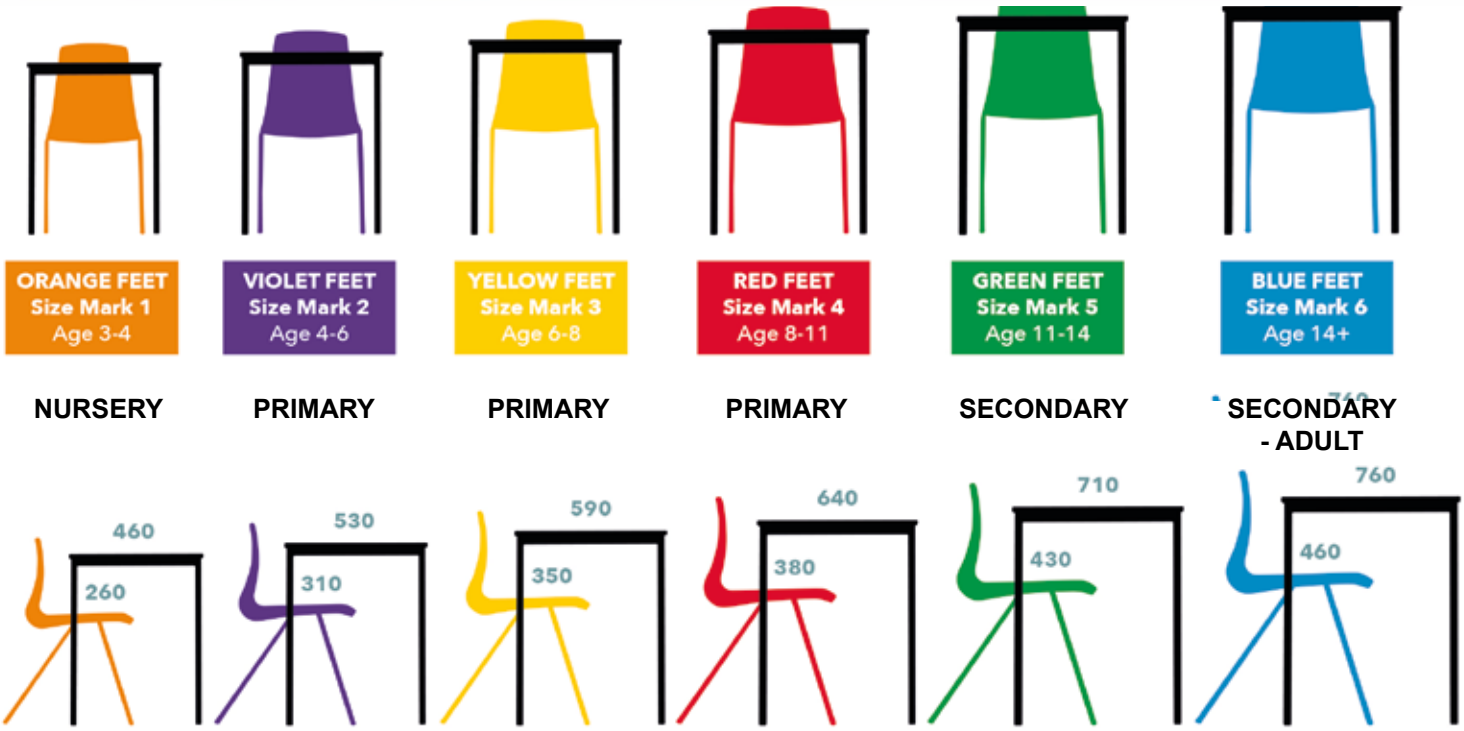

DO NOT THROW OUT YOUR EXISTING FURNITURE UNTIL YOUR NEW FURNITURE HAS ARRIVED SAFELY!

Sebel Chair

As part of our ongoing commitment to sustainability, we're introducing the Sebel Chair, manufactured entirely from 100% post-consumer waste.
Unlike most chairs that incorporate a colour masterbatch (typically 3% of a chair's weight and not recycled), Sebel avoids this addition ensuring that the entire chair is made from 100% post-consumer waste. As a result of this, Sebel comes in a colour we call Grey-dient, meaning each chair varies slightly in shade, with subtle differences in grey tones reflecting the nature of the recycled material.
Lightweight, antistatic, stain-resistant, and easy to clean, Sebel is designed to support natural posture and meet the demands of everyday use in learning environments, with durable polypropylene legs built to withstand impact and wear.

Contour25 Folding Range

The Contour25 folding tables and stacking benches now come with a new, improved corner moulding and a reduced lip around the edge.
This innovative, failsafe folding mechanism has always been popular but has now got even better with the introduction of Contour25! Without moving too far away from the classic 2 leg design the Contour25 has evolved with a simplified folding mechanism with no removeable parts.
