GYM EQUIPMENT

1 ActivSoft Springboard & Soft Box

Soft Box

Springboard

The Activsoft Springboard and Soft Box can be used alone or in combination with each other. Both items are manufactured from lightweight polyethylene foam with a soft vinyl cover. The Soft Box has 3 sections which separate easily. Ideal for numerous conditioning activities and a great confidence booster.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6001	Springboard	1200L x 1000W x 500H	8.75kg	£189.50
S24GYM6002	Soft Box	915L x 880W x 915H		£518.75

• Soft Box top width: 330mm, each section is 305mm high

1 ActivSoft Wedges

Large Wedge

Small Wedge

These popular wedges are designed to assist with forward and backward rolls, they feature feeler strips to guide hand or feet positions when used for training or conditioning exercises.

CODE	DESCRIPTION	SIZE IN MM	PRICE
S24GYM6003	Small Wedge - Blue	914L x 457W x 457H	£121.75
S24GYM6004	Large Wedge - Red	1200L x 610W x 762H	£277.75

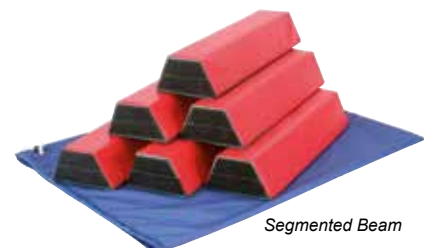

1 ActivSoft Beams

Beam

Segmented Beam

Segmented Beam

Practise your balancing skills on the ActivSoft Beam manufactured with cross linked foam covered in soft vinyl. This gives a firm but comfortable surface for younger children. The Segmented Beam is supplied in 600mm sections with hook and loop strips at each end so that the beam length can be varied. Supplied as a set of 6 sections, giving a total length of 3600mm, and packed in a lightweight holdall for ease of transport.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6005	Beam	2500L x 240W x 80H	2.9kg	£163.00
S24GYM6006	Segmented Beam	3600L x 200W x 100W x 480H	3.5kg	£308.95

1 ActivBarBox

A junior Bar Box incorporating colour as encouragement for younger children. Manufactured with timber uprights, brightly coloured steel bars, and a comfortable padded vinyl top. The 1240mm long x 640mm wide top is large enough for a huge range of activities and movements.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6007	ActivBar Box	1240L x 1020W x 680H	36kg	£490.25

• Overall top dimensions: 1240L x 640W

1 ActivStool

Constructed from powder coated steel with a timber top, these stools can be used in the traditional way, or with linking items of equipment for a range of agility exercises. The stools have bars on three sides, with the fourth side clear in order to enable stacking for storage.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6008	Small Stool	540L x 520W x 300H	5.39kg	£97.95
S24GYM6009	Large Stool	650L x 600W x 460H	6.14kg	£100.50

1 ActivTrestle

Manufactured from robust powder coated 25mm diameter steel with non marking rubber feet for stability. Bars on three sides for the attachment of linking equipment while the fourth side is free to enable stacking. Painted in 'traffic light' colours of red, amber and green.

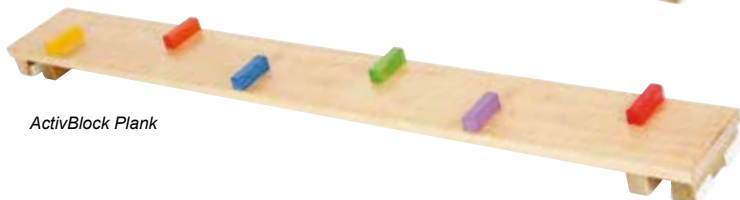

CODE	DESCRIPTION	SIZE IN MM	PRICE
S24GYM6010	Green	600H	£117.75
S24GYM6011	Amber	900H	£167.25
S24GYM6012	Red	1200H	£240.00
S24GYM6013	Set of 3 - Green, Amber & Red	600H, 900H, 1200H	£431.25

1 ActivAgility Planks

ActivDome Plank

ActivBlock Plank

ActivFoot Plank

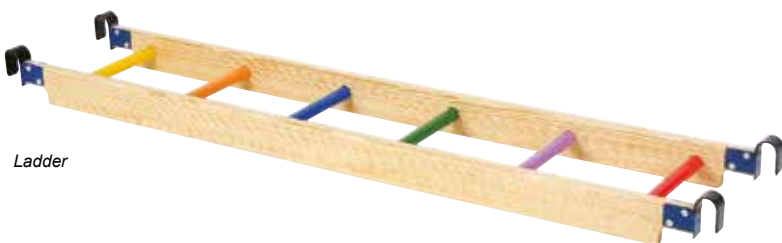

ActivSnake Plank

This ActivAgility range of junior agility and linking equipment is sure to encourage children with its bright colours and innovative additions. Manufactured from natural timber from sustainable sources, These planks have battens with non marking rubber pads at each end allowing for a variety of linking options. Available in 4 options as shown.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6014	ActivDome	1830L x 210W x 90H	7.39kg	£156.95
S24GYM6015	ActivBlock	1830L x 210W x 90H	6.11kg	£174.95
S24GYM6016	ActivFoot	1830L x 210W x 90H	6.28kg	£149.95
S24GYM6017	ActivSnake	1830L x 210W x 90H	6.28kg	£151.00

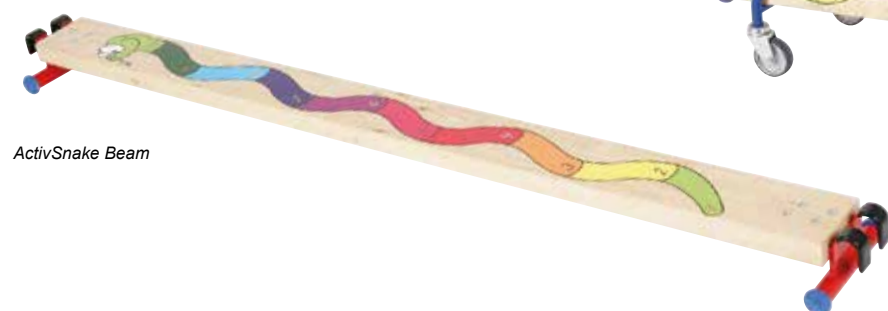

1 ActivAgility Linking Equipment

Ladder

ActivSpot Beam

ActivSnake Beam

Versatile linking equipment which can be used alone or to link and bridge other pieces of the Activ range. All manufactured from natural timber from sustainable sources, with powder coated steel feet, hooks and rungs, and large rubber bungs for stability. The graphics add interest as well as using colours and numbers for cross curricular activities.

The blue powder coated steel trolley provides a storage and transport solution for linking equipment in one trolley. The large non marking wheels, two of which are braked, provide easy manoeuvrability and it has four compartments. The trolley can be used for most items of linking equipment such as planks, ladders, poles etc.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6018	Ladder	1830L x 360W x 100H	7.75kg	£287.75
S24GYM6019	ActivSpot Beam	1930L x 225W x 100H	6.51kg	£181.25
S24GYM6020	ActivSnake Beam	1930L x 225W x 100H	8.7kg	£216.75
S24GYM6021	Trolley	1630L x 480W x 490H	10kg	£234.25

- ActivSpot timber beam measures: 1830L x 100W
- ActivSnake timber beam measures: 1830L x 140W

Trolley

1 ActivAgility Set 1

These sets of Agility Equipment have been carefully chosen to enable the teaching of a wide variety of movement, balance and agility skills.

- Set 1 comprises:
 1 x ActivBar Box,
 1 x ActivStool Small,
 1 x ActivStool Large,
 1 x ActivLadder,
 1 x ActivSpot Beam,
 1 x ActivSnake Plank.

CODE	DESCRIPTION	PRICE
S24GYM6022	Set 1 - 6 pieces	£1293.95

1 ActivAgility Set 2

These sets of Agility Equipment have been carefully chosen to enable the teaching of a wide variety of movement, balance and agility skills.

- Set 2 comprises:
 1 x ActivStool Small,
 1 x ActivStool Large,
 1 x ActivFoot Plank,
 1 x ActivSpot Beam,
 1 x ActivLadder,
 1 x ActivTrestle Amber,
 1 x ActivTrestle green.

CODE	DESCRIPTION	PRICE
S24GYM6023	Set 2 - 7 pieces	£1072.50

1 ActivAgility Set 3

These sets of Agility Equipment have been carefully chosen to enable the teaching of a wide variety of movement, balance and agility skills.

- Set 3 comprises:
 1 x ActivBar Box,
 1 x ActivLadder,
 1 x ActivSnake Beam,
 1 x ActivDome Plank,
 1 x ActivBlock Plank,
 1 x Linking Equipment Trolley.

CODE	DESCRIPTION	PRICE
S24GYM6024	Set 3 - 6 pieces	£1603.25

1 Agility Tables

A range of very robust powder coated steel framed agility tables with colour coded upholstered and generously padded tops, providing a range of options for use with linking and bridging apparatus. Non marking rubber feet for stability. Available individually, or in sets:

CODE	DESCRIPTION	SIZE IN MM	PRICE
S24GYM6025	Orange	430L x 400W x 300H	£111.25
S24GYM6026	Purple	510L x 400W x 460H	£127.25
S24GYM6027	Yellow	610L x 400W x 610H	£143.50
S24GYM6028	Blue	710L x 400W x 760H	£194.50
S24GYM6029	Green	810L x 400W x 910H	£227.25
S24GYM6030	Red	910L x 400W x 1070H	£252.75
S24GYM6031	Set of 6 with Trolley		£1025.75

1 Steel Movement Tables

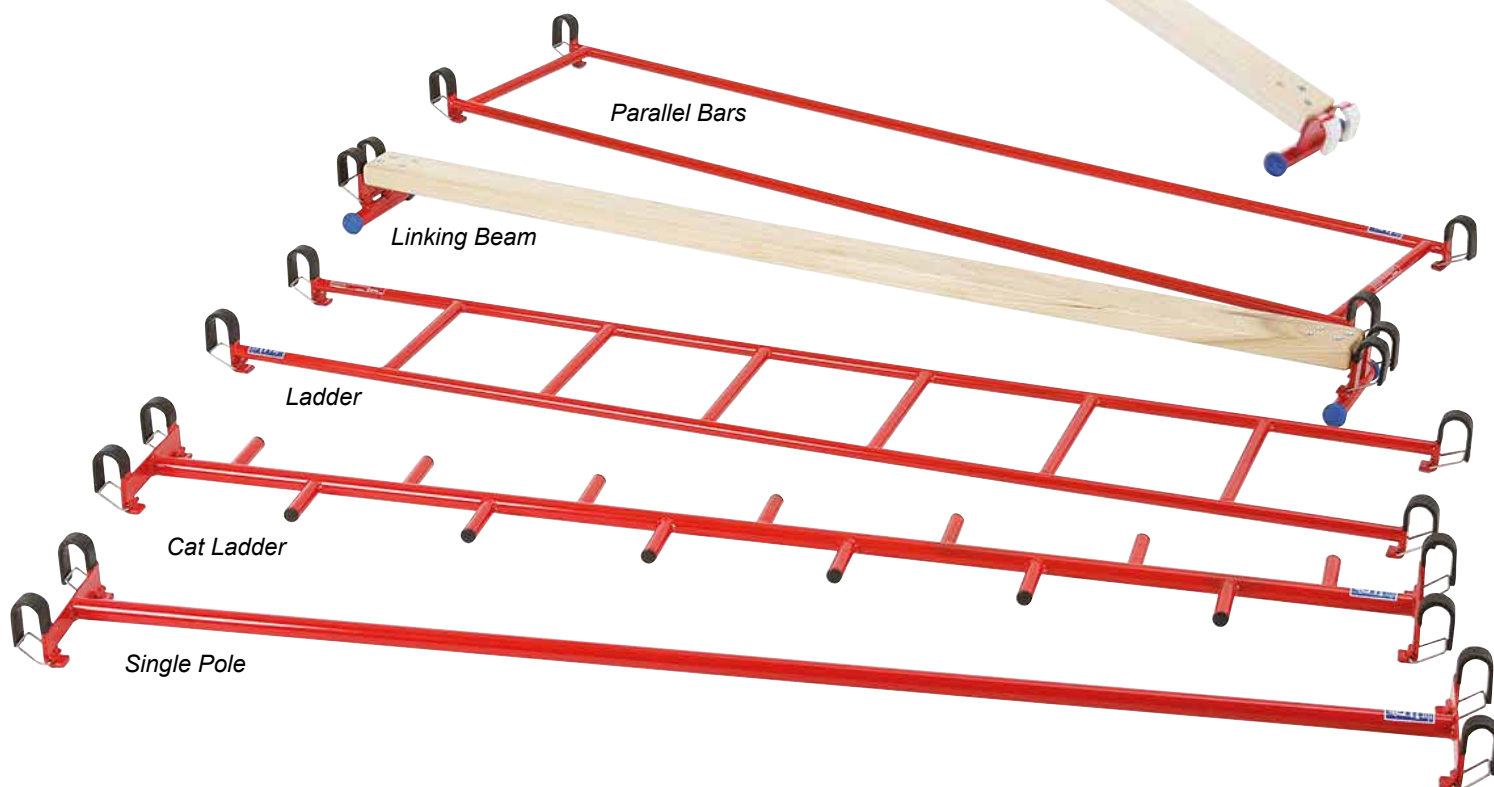

Robustly constructed with a powder coated steel frame, and finished with an upholstered padded top to give a large working area. Rungs all around the table enable linking equipment to be added from all sides. Non marking rubber feet give stability.

CODE	DESCRIPTION	SIZE IN MM	PRICE
S24GYM6032	Blue Table	960D x 400H	£217.25
S24GYM6033	Red Table	960D x 600H	£260.00
S24GYM6034	Green Table	1220D x 840H	£413.75

1 Linking Equipment

A range of durable and robust powder coated steel linking pieces which can be used with trestles, agility tables, climbing frames and more, providing bridging and entry or exit points. There are coated hooks at each end of the equipment with additional safety clips to ensure safe attachment to other pieces.

CODE	DESCRIPTION	SIZE IN MM	PRICE
S24GYM6035	Parallel Bars - Red	2130L x 455W	£131.25
S24GYM6036	Linking Beam - Red	2130L x 100W - 225W	£149.95
S24GYM6037	Linking Ladder - Red	2130L x 350W	£160.50
S24GYM6038	Cat Ladder - Red	2130L x 240W	£159.75
S24GYM6039	Single Pole - Red	2130L x 25D	£121.25
S24GYM6040	5 Piece Set - Red	2130L	£672.50
S24GYM6041	Trolley	1630L x 480W x 490H	£234.25

1 Timber Linking Equipment

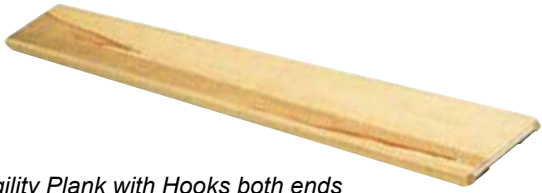

Particularly suited for primary school use this range of linking equipment is constructed without side rails to reduce weight, and with timber battens at each end. The battens are fitted with non marking rubber pads for extra stability. The planks can be used to bridge between equipment or as an entry or exit to other pieces of equipment and the Agility Planks have hooks on both ends and side rails at each side to provide additional strength.

- 1 x Linking Cat Ladder, length 2130mm
- 1 x PFE040 Linking Ladder, length 2130mm

CODE	DESCRIPTION	PRICE
S24GYM6054	Set 3 - 19 pieces	£2525.25

1 ActivBench

Designed primarily for school use this bench is a lighter and more economic alternative to the Traditional Balance Bench. Manufactured from selected natural timbers from sustainable sources, this bench is made without side rails to minimise weight, and has a 100mm balance rail on the underside enabling use when inverted. Non-marking rubber feet are fitted for stability and non-marking rubber buttons on the top to prevent damage to both the bench top and the floor. Wooden batten affixed at one end to allow attachment to other items. Available in natural with a clear varnish finish, or in team colours with the colour applied in the form of colour stain and varnish which does not chip or crack. Tested to BS EN913.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6055	Natural Bench	2000L x 330W x 340H	14kg	£248.25
S24GYM6056	Red Bench	2000L x 330W x 340H	14kg	£273.50
S24GYM6057	Green Bench	2000L x 330W x 340H	14kg	£273.50
S24GYM6058	Blue Bench	2000L x 330W x 340H	14kg	£273.50
S24GYM6059	Yellow Bench	2000L x 330W x 340H	14kg	£273.50

- Bench top is 240mm wide

1 Traditional Balance Bench

This bench is skilfully crafted from selected kiln dried pine from sustainable sources, with each bench leg jointed into the bench top and the bench foot while the balance rail is dovetail jointed to the leg, producing a bench with optimum structural stability. Hardwood fillets are inserted into the bench tops to prevent splitting. Hardwearing non-marking rubber feet provide stability and protect the floor, and rubber buttons on the 29mm thick top provide protection when the bench is inverted enabling a 100mm balance rail on the underside.

Durable nylon hooks enable the bench to be attached securely to other equipment or climbing frames. The bench is also available with castors for ease of movement (the castors engage only when the opposite end of the bench is lifted).

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6060	No hooks	1830L x 340W x 330H	11kg	£260.50

Colour options:

1 Junior Mat Trolley

A smaller and lighter version of the Vertical Mat Trolley but of equally durable construction, suitable for carrying rigid or semi rigid mats sized 1.2m x 0.91m, 1m x 1m or similar. Fitted with four heavy duty non marking castors, two of which are braked. This junior trolley has a single carrying compartment with a capacity of 8-9 x 25mm thick mats. Comes in Blue only.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6092	Junior Mat Trolley	1235L x 350W x 980H	12kg	£291.75

- Internal width is 280mm

1 Vertical Mat Trolley

The Vertical Mat Trolley is robustly constructed from powder coated tubular steel and features two carrying compartments with a tubular central divider so providing additional support and making it easier to add or remove mats. The trolley is fitted with four heavy duty non marking swivel castors, two of which are braked for safety. Ideally suited to carry fairly rigid mats sized 2m x 1m, 1.83m x 1.2m or similar. Carrying capacity is approx 16 x 25mm thick mats.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6093	Vertical Mat Trolley	1920L x 530W x 1210H	42kg	£417.75

- Each section is 220mm wide internally

1 Horizontal Mat Trolley

The horizontal Mat Trolley has a powder coated steel construction and is fitted with four heavy duty non marking swivel castors, two of which are braked. It comes with a large, robust wooden load deck. Suitable for storing or moving mats up to a size of 2000 L x 1000mm W or 1830 L x 1200mm W. Features a detachable handle and has a load capacity of 200kg.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6094	Horizontal Mat Trolley	2000L x 1200W x 190H	43kg	£320.95

- Handle is 710mm High
- Can also be used to store/transport Agility Tables

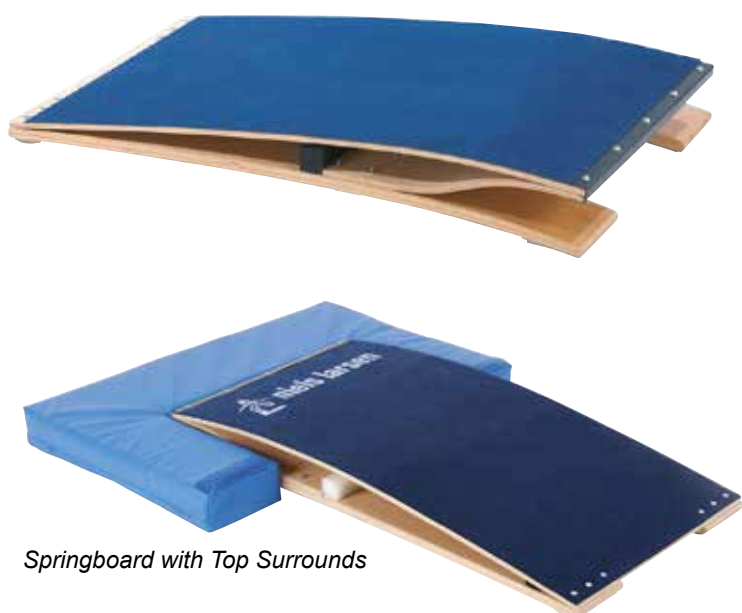

1 Junior Springboard

A sturdy springboard suitable for juniors and beginners, with wheels at one end for easy transport using the hand hold at the other end. Manufactured with birch ply on a powder coated steel frame, covered with antimicrobial carpet and with non marking rubber feet for stability. Max user weight approx. 45kg.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6095	Junior	700L x 400W x 130H	6.4kg	£121.75

1 Standard Springboard

An excellent carpet covered springboard ideal for school and general institutional use. Manufactured with birch ply on a powder coated steel frame, covered with antimicrobial carpet and with non marking rubber feet for stability. Constructed to BS EN 913.

The springboard surrounds are manufactured from soft vinyl with a foam interior, and can be supplied as a single section to protect the top half of the springboard or with additional arms which give full length protection that simply attach with hook and loop.

CODE	DESCRIPTION	SIZE IN MM	WEIGHT	PRICE
S24GYM6096	Springboard	1200L x 600W x 135H	20kg	£352.95

Springboard with Full Length Surrounds

1 2Traverse Panels

The 2Traverse Panels are the ideal way to introduce young people to climbing activities in safety, as travel is horizontal rather than vertical. As the Panels are installed close to the ground neither ropes nor harnesses are required and supervision does not call on any specialist skills or knowledge.

The 2Traverse Panels are manufactured from strong, thick Finnish Birch Plywood. To save installation time, all the Panels are supplied complete with the handholds already fixed by using fixing bolts and 'T' Nuts.

As the name suggests these are Traverse Panels and are designed to be installed at low level so it is important to note that the Bottom Panel/Foot Hold Panel is to be fitted no more than 200mm from ground level; this is to ensure that the top edge of the Bottom Panel/Foot Hold Panel is no more than the regulation 600mm from ground level.

These indoor/outdoor panels are manufactured from weatherproofed 18mm thick Finnish birch ply coated with a UV resistant polypropylene laminate (WBP exterior bonded to EN314-2/Class 3), which can be used with dry wipe markers to mark out routes. The distance between the two panels can be varied depending on the height of the users. Installation can be onto any solid wall. Each pair of panels is supplied with 40 pre-fitted holds, and 2 additional loose holds. The fittings supplied are for installation in brick or breeze block. The top panel measures 2400mm x 600mm (8' x 2') and the bottom panel is 2400mm x 400mm (8' x 1'4").

CODE	DESCRIPTION	SIZE IN MM	PRICE
S24GYM60102	Set of 2 Outdoor Panels	2400L x 600W/400W	£794.50
S24GYM60103	Set of 4 Outdoor Panels	2400L x 600W/400W	£1529.75
